FROM COLUMBUS.

Among the bills passed by the Senate on Friday were two that came from the House, increasing fees of Constables, Justices of the Peace and County Auditors.

The bill to prevent strikes among laborers was warmly discussed, but no vote was taken. The members from the northern part of the State are almost unanimously in favor of it, while the southern Senators are strongly opposed to it.

The House passed the bill to allow soldiers in the field to vote for township officers. Also Senator Williamson's bill authorizing the city of Cleveland to extend its water works beyond its limits.

Mr. Lockwood introduced a bill making provision for a meeting of Assessors at the County Auditor's office previous to taking the spring assessment, in order to receive instructions relative to their duties.

A resolution to adjourn from to-morrow to Tuesday next was adopted.

The Quartermaster General has issued the following circular, which it is hoped will meet with a prompt and liberal response from the good Samaritans of the State:

OFFICE OF Q. M. GEN., OF OHIO.  
COLUMBUS, March 31, 1865.

To the Soldiers' Aid Societies of Ohio: The Ohio State military agent at Washington, James C. Wetmore, is informed by the United States Surgeon, General Barnes, that the sick and wounded men of Sherman's army, at Wilmington, are greatly in need of sanitary supplies. Will the friends of these suffering heroes again prove their untiring devotion to them by immediate and bountiful contributions of vegetables of all kinds, of dried and canned fruits, and any articles which will contribute to their comfort and relieve their suffering. Direct to James C. Wetmore, Ohio Military State Agent, Washington, D. C., or to me at this place. All contributions received will be forwarded in charge of a special agent.

(Signed) MERRELL BARLOW,  
Quartermaster General.

Associated Press Report.

VARIOUS ITEMS.

NEW YORK, March 31.

The Commercial's special says: General Grant's prediction that within a few weeks Richmond would be rendered untenable is about being verified. Much of the news is contradicted, but it does no harm to state that the combinations are of a character that seem to assure success. The present movement will cut off all communication between Lee and Johnston.

General Thomas is moving upon Richmond from the southwest, with a heavy force. The enemy will be pressed so as to give, instead of receive, battle.

LATER.—Reliable advice from the army represents that Grant's movement is certain to secure the possession of the South Side Railroad, which is the key to Petersburg and Richmond.

GENERAL HANSEN.

NEW YORK, March 31.

Major General Banks leaves to-morrow for New Orleans, via Cairo and the Mississippi river. A complimentary dinner is to be given him this evening by his friends in this city.

The steamer Colorado, for Rio Janeiro, Panama and San Francisco, with Professor Agassiz and suite on board, has anchored at New York, and will go to sea as soon as the weather clears.

GOLD MARKET.

NEW YORK, March 31.

Gold has shown rather more firmness this morning, partly from the supposition that the rain storm may delay the object of General Grant's important movement. Quotations are 151 1/2; closing at the lower figure.

LATER.—Gold to-night 151.

GOES BACK ON THE CONFEDERACY.

WASHINGTON, March 31.

The Star says the negro canal man whose boat was smashed up by General Sherman on his late raid, and who was banished by the Richmond papers as having joined the colored recruits in a fever of indignation against the Yankees, has deserted to our lines and brings with him 20 new rebel uniforms.

THE PEACE RUMORS A HOAX.

NEW YORK, March 31.

The Post's Washington special says: There is no truth in the peace rumors. Nothing but vigorous war against the rebels is thought of in official circles.

The Express says there was a depression in the produce market to-day, and lower prices were made generally. While the business was limited in nearly all directions. Flour declined 25¢; corn 1¢; cotton 25¢; oats 1¢; pork 1¢; cotton 25¢.

A sale of prime western oats, delivered on the opening of the canal, was made to-day at 78¢.

The future does not look very brilliant to holders of produce, judging by the sales now making for forward delivery.

REILLY.

PHILADELPHIA, March 31.

A private dispatch from General Meade states that the engagement yesterday morning.

## FROM SHERMAN.

NEWARK, March 31.

The armies in North Carolina are taking a brief respite. Sherman's forces were much in need of shoes and clothing, and when necessary, prior to striking the finishing blow to the rebel Confederacy.

All is quiet at the front. The enemy show no signs of life. Where they are and what they are about appears a matter of indifference just now.

Sherman's headquarters are to be removed from Savannah to Newbern.

General Howard's headquarters are to be removed to this point from Beaufort.

Five hundred and fourteen bags of mail arrived here Sunday and Monday for Sherman's army.

The congratulations of the loyal citizens of this section of North Carolina, over the appointment of Hon. Hugh McCulloch, of Indiana, and Senator Harlan, to the Cabinet, which were recently forwarded to Washington, conclude by saying: "These selections by our esteemed President, which are so satisfactory to represent the purity, skill and nobleness of our sister State of the great West."

Another batch of 600 rebel prisoners arrived here from Goldsboro on Sunday. They left yesterday for the North. More than half of them desired to take the oath of allegiance.

A general payment of all troops in this department has been ordered to be made up to December 31st.

FROM CAIRO.

SEVENTY-five bales of cotton for St. Louis and 25 bales for Cincinnati and Evansville passed here.

General Washburn offers \$500 to \$1000 for the capture and conviction of guerrillas within twenty miles of Memphis.

Rebel deserters in the vicinity of Meridian, Miss., defy the authorities, threaten to annihilate the militia and burn their houses if they attempt to oppose them. On the other hand, Forrest declares that if the militia fail to arrest deserters he will make a campaign in their locality and hang every one of them. The deserters are organized, and the legislature for their inducement. Forrest appointed his force to break up the trade on the lines of the turnpike or burn all the cotton for federal ports.

REMOVED.

NEW YORK, March 31.

The Post's Washington special says: Advice just received from Richmond states that the gold and general assets of the Merchants' and Mechanics' Bank of that city have been sent away. Two parsons cap manufacturers have also been removed. It is supposed to Danville or Lynchburg. Lee's army has supplies for ten days ahead.

THE FORWARD MOVEMENT.

WASHINGTON, March 31.

Information from the advance of the army of the Potomac, dated Hatcher's Run, Thursday morning, shows that the locality of the advance is about 10 miles from the line in a line parallel with, and east of Boydston Plank Road, and east of Hatcher's Run.

The 5th Corps had an encounter with the enemy on Thursday morning. The rebels were driven nearly a mile, and lost heavily. A number of prisoners were captured.
